## Community Outreach Committee updates

# RAGBRAI in July

**UISC was at Science Thursday on July 13 with information about RAGBRAI and to ask persons walking by to make seed bombs for riders to disperse – native wildflowers and plant seeds were used to help support bees, butterflies, and hummingbirds.**

**Councilors also offered support while RAGBRAI riders went through the Coralville area by checking in other volunteers, helping to give out food and water as well as cleaning up after the party!**
