# WHAT IS DANCE MARATHON?

- The University of Iowa Dance Marathon is the largest student-led philanthropy organization on campus! We provide financial and emotional support to pediatric cancer patients and their families at the Stead Family Children's Hospital. Our organization a year-long commitment consisting of family events for kids, dancer events for individuals to build connections with our organization, and fundraising so we can eliminate some of the financial burdens that come with a pediatric cancer diagnosis.
- At the end of our year, we host a Big Event where individuals are encouraged to not sit, sleep, or consume caffeine for 24 hours to honor the kiddos who have battled cancer, support those who are still battling, and remember those who have passed and are now dancing in our hearts.

# FAMSPIRATION

## THE MAX BAILEY FAMILY
